

## ABSTRACT FORMATTING INSTRUCTIONS

1. Clearly state the purpose of your study and include a brief description of the methods used, i.e. introduction, methods, results, conclusions. Provide actual data and, if available, a summary of the results. Abstracts that promise to explain the importance of the work during the presentation will not be considered.
2. Abstracts submitted on other than the original Abstract Form will not be considered. FAXED abstracts will not be considered.
3. For judging purposes, NO IDENTIFYING REFERENCE to the author or institution may appear in the title or text.
4. List authors with their academic degree.
5. Complete all requested information on the front page. Capitalize the entire title. Clearly indicate one category and the status of the first author. Be certain to list the complete address, including zip code and telephone number of the individual to whom all correspondence is to be addressed.
6. Type the abstract vertically in the box provided on one (1) abstract sheet. TEXT MUST BE SPACED ONE & ONE-HALF LINES. Tabular material may be single spaced. Three space indentations for the first sentence of each section, i.e. introduction and purpose, methods, results, discussion. When using abbreviations, spell out in full when first mentioned, followed by the abbreviation in parentheses. Do not abbreviate the title of the abstract.
7. Text characters must be at least the size of the characters in this example. This is also an example of 1-1/2 spaced material. Abstracts with characters smaller than this example or with text lines space closer together will not be considered.
8. DO NOT FOLD THIS ABSTRACT FORM. Include 5 blinded copies with the original. Mail it to:
